SEEKING APPROVAL OF THE ISSUANCE OF CERTAIN)	
SECURITIES)	

O R D E R

On August 21, 1995, Tri-Village Water District ("Tri-Village Water") filed an application for a Certificate of Public Convenience and Necessity to construct a \$1,418,468 waterworks improvement project, for approval of its plan of financing for this project, and for adjustments to its water service rates. This project will provide service to 154 additional customers. Project funding includes a \$829,000 bond issue to be purchased pursuant to an agreement with the U. S. Department of Agriculture's Rural Economic and Community Development ("RECD"), formerly known as Farmers Home Administration, a \$460,000 grant from RECD, \$52,468 in RECD grant funds transferred from a prior project, and \$77,000 from applicants for service in the proposed project area.

Tri-Village Water's application was made pursuant to KRS 278.023, which requires the Commission to accept agreements between water utilities and the U. S. Department of Agriculture and to

issue the necessary orders to implement the terms of such agreements within 30 days of satisfactory completion of the minimum filing requirements. Given that minimum filing requirements were met in this case on August 21, 1995, KRS 278.023 does not grant the Commission any discretionary authority to modify or reject any portion of this agreement.

IT IS THEREFORE ORDERED that:

1. Tri-Village Water is hereby granted a Certificate of Public Convenience and Necessity for the proposed construction project.

2. Tri-Village Water's proposed plan of financing with RECD is accepted.

3. Tri-Village Water is authorized to issue bonds not to exceed \$829,000 to be held or insured by RECD.

4. Tri-Village Water shall file a copy of the "as-built" drawings and a certified statement that the construction has been satisfactorily completed in accordance with the contract plans and specifications within 60 days of the substantial completion of the construction certificated herein.

5. The rates set out in Appendix A, which is attached hereto and incorporated herein, are the rates approved for service rendered on and after the date of this Order.

6. Tri-Village Water shall submit its revised tariff setting out the rates in Appendix A within 30 days of the date of this Order.

7. Tri-Village Water shall monitor the adequacies of the expanded water distribution system after construction. If the level of service is inadequate or declining or the pressure to any customer falls outside the requirements of 807 KAR 5:066, Section 5(1), Tri-Village Water shall take immediate action to bring the system into compliance with Commission regulations.

Nothing contained herein shall be deemed a warranty of the Commonwealth of Kentucky, or any agency thereof, of the financing herein accepted.

Done at Frankfort, Kentucky, this 13th day of September, 1995.
